

Rectangular electromagnetic lifting unit type EMR

REF 20.05

{ERREUR : balise [PRESTATION_CRITERE_ASOUST] inconnue}

High holding power / Rugged construction / Waterproof construction / Sure / Effective / According rules: EN13155

Lifting, Handling

- . Steel housing
- . Tapped mounting holes
- . Cable length 5 meters

In order to obtain the nominal holding force indicated above, the work piece must cover the entire operating face.
